

# MOBI-2 BLACK

MUSIC TO GO - WIRELESS

MOBI-2 BLACK

## DESCRIPTION

MOBI-2 is a high quality amplified mini speaker system that can connect to audio sources such as smartphones, tablets, MP3 players, PCs and laptops.

The second generation of our portable speaker system offers higher audio quality and even greater freedom - wherever and whenever you want to enjoy your music. The stylish new design includes wireless technology that will let you stream high quality music from your Bluetooth-enabled smartphone, laptop or tablet – while remaining ultra-portable.

Due to its compact size and light weight (8 cm x 3.8cm, ~110g) it is very easy and convenient to carry. MOBI-2 can be connected wirelessly or through its integrated 3.5mm stereo jack. Its built-in Bluetooth module is compatible with any device that offers a standard Bluetooth audio connection.

## SPECIFIES

- **Sound:** Integrated Class-D amplifier and high quality 43mm wide-range driver for excellent audio reproduction (360° sound field).
- **Mobility:** MOBI-2 is extremely small, light and durable, measuring 80mm in diameter, 38mm high and weighing only 110g.
- **Pop in-/out mechanic:** MOBI-2 is small! Pushing the upper and lower part together will reduce its size even further – making it easier to fit into your bag or pocket. MOBI-2's extended mode guarantees the best sound performance possible through increased body volume.
- **Bluetooth:** The integrated Bluetooth module is compatible with standard Bluetooth devices.
- **Battery:** The integrated, USB rechargeable Li-Ion battery gives up to 10 hours playtime.
- **Connection:** Wirelessly with Bluetooth or by direct connection using the integrated audio cable, that has a standard 3.5mm jack – perfect for mobile devices, tablets, PCs and laptops.

## TECH DATA

- Speaker driver: 4,3 cm full range
- Amplifier: Class-D, integrated
- Output power (RMS): 1 x 3,8 W
- Frequency response: 80 - 20000 Hz
- Controls/display: On/Off, LED indicator for ON/OFF and charging status
- Battery: Li-Ion 3,7 V, 500 mAh
- Charging Voltage: USB 5 V
- Connectors: Bluetooth, 3,5 mm stereo, Micro-USB for charging
- Dimensions: ø 80 mm x 38 mm
- Weight: 110g
